

TABARAK ALI

Mid Web Developer | Full Stack Development | UI/UX Design | React JS Expertise

+9647728422106 • aaltwt49@gmail.com • <https://www.linkedin.com/in/tbarak-ali-star> • Irb Bagdad

Summary

A results-driven Full Stack Web Developer with proven expertise in both frontend development (React JS) and backend technologies. Known for delivering dynamic, high-quality user interfaces and robust server-side functionality. Successfully led the development of a software solution addressing labor market challenges, consistently completing projects on time and within budget. Demonstrated ability to streamline workflows, achieving a 20% improvement in efficiency across various initiatives. Committed to continuous learning and the application of modern frameworks to exceed organizational goals.

Key Achievements

Project Delivery Excellence

Delivered software project solving labor market issue, adhering to budget and timeline constraints.

Efficiency Improvement

Implemented solutions reducing time loss by 20% in multiple projects enhancing efficiency.

React Projects Success

Developed interactive projects with React JS, meeting company's needs and standards.

API Integration Expertise

Handled API collections from developers, integrating seamlessly with custom-built interfaces.

Experience

PureTik Company

Baghdad Al-karaha

FullStack Junior

03/2024 - 10/2024

- I worked on front end and backend as the company needed me
- Efficient solutions were implemented in the projects being built, resulting in a 20% reduction in time loss
- Submit required tasks on time
- Led a team that successfully delivered a software project that solved a labor market problem on time and within the allocated budget

Al-Jazeera Telecom

Al-Karaha 62'st

Mid Level Frontend Developer

10/2024 - 04/2025

- Building high-quality, dynamic interactive projects using React JS according to the company's needs
- Handle all the Api collections that I take from the developer package with the interface that was built by me
- Strong background in logic and building philosophy for user interfaces

Talabaty Packging System

Remotely

Freelancer

04/2025 - 07/2025

- Delivered a redesigned frontend for Talabaty Packaging System used by over 5,000 monthly users, focusing on responsive and engaging UI/UX.

Connect Jobs System

Remotely

FullStack Web App

04/2025 - 07/2025

- A full-stack web app using React, Node.js, Express, and PostgreSQL. Built and integrated custom RESTful APIs with seamless third-party API connections.

Evantaat

Hybird

Team Leader

04/2025 - 07/2025

- Designed and developed a full-stack restaurant booking platform from the ground up. Built a scalable and well-structured PostgreSQL database architecture, followed by crafting a modern, user-centric UI dashboard. Implemented and integrated robust RESTful APIs to seamlessly connect backend logic with the frontend system, ensuring real-time reservations and smooth user interaction across the platform.

Education

University of Baghdad

Baghdad Al-Jadriya

Bachelor's of Computer Science

01/2019 - 05/2023

- Starting programming languages and doing a lot of projects at each stage is required for a Broad understanding of computer science

Skills

Javascript · React js · Html5 · UI/UX · Task Mangments · Git · Figma · CSS · Node js · Electron js · database Design and ERD · Rest API · Netlify · Next js · Nset js · PGAdmin · SqlServer · Sqlite · render · Tailwind css · Vercel · Hostinger · Laravel · PHP · FierBase

Languages

Arabic Native

English Advanced

Turkish Intermediate

Training / Courses

Aon — It continued for 3 months for full-stack web applications. After graduation, there was a certificate documenting the training

Hackathon From ASWAR Company — It was a challenge that lasted for 7 days to build a website that included IOT. There were creative programming solutions and they were worked diligently. We also obtained a certificate and documented work with it.
